Feature Of The Month

FREE WI-FI

This month, we're introducing a new segment of the newsletter called the "Feature Of The Month." This segment will highlight features that we'll offer here at Dental Expression. This month we're kicking it off by talking about our free Wi-Fi. This is something that we are pleased to offer to our patients and their families. We have a secure system in place that will allow you to log into the web and do basic tasks such as browsing the web and checking e-mails. We are looking forward to making your dental experience memorable.
